SPRING 2018

DURHAM WEST
ARTS
CENTRE

On Saturday and Sunday, April 21st and 22nd, 2018 the Board of Directors of the Durham West Arts Centre cordially invite you on their 10th Annual Studio Tour. You will visit Artists and their guests in their personal studios in the Claremont Area of North Pickering.

By using the maps in this brochure you will enjoy a free, self-guided tour. Throughout the brochure are images of each artist's work from painting to pottery, glass art, jewellery, photography, hand drawing, sculpture, and fabric art. We showcase new artists as well as the many returning artists on the tour. As you tour, you will be able to purchase artwork directly from the artists.

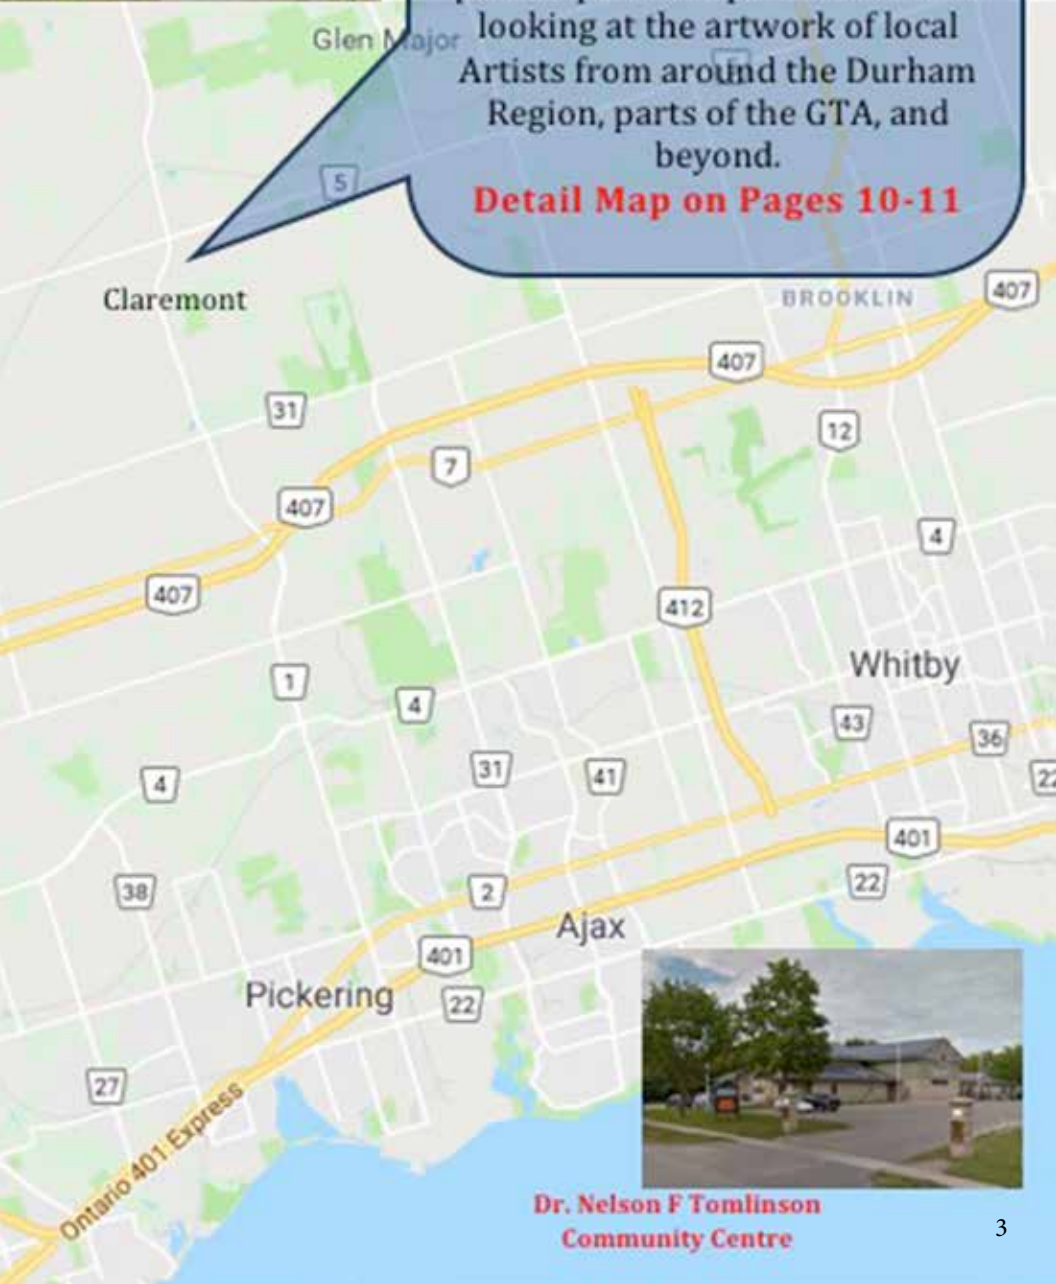

We are honoured to receive the continued support of our local representatives as well as the Pine Ridge Arts Council. We are grateful for the continued support of our major sponsors: Ontario Power Generation, Veridian, Rotary Club of Pickering, and the City of Pickering.

Enjoy your tour 2 and "Expect the Unexpected".

The Claremont area in North Pickering is this year's site for our 10th Annual Studio Tour. A short 16 Km drive north of downtown Pickering, it's a perfect place to spend some time looking at the artwork of local Artists from around the Durham Region, parts of the GTA, and beyond.

In Memory of Clayton James, Scrimshaw Artist

November 8, 1938 - October 11, 2017

Clay James was born in London, England. After completing his education in England, he served in the Royal Navy and the Royal Canadian Navy, Fleet Air Arm, followed by several years of Diving. Since then, a career in the theatre world focused mainly in costume design and propmaster. When he was a member of the Upper Canada Rifle Club, his interest in scrimshaw developed. He started out carving powder horns and accessories for the shows and moved onto decorative scrimshaw pieces since he retired. Clay was a dedicated artist whose varied personal artistic and professional experiences shaped his approach to Scrimshaw. Accomplished and self-taught, Clay produced wonderful pieces that reflected his interest in animals and traditional tall ships.
