# DWAC at Pickering City Centre Vision Meeting October 1, 2018

The march toward a new performing and visual arts centre has involved a succession of watershed moments. The latest occurred Oct. 1, 2018 with the City Staff report to Pickering City Council, and the unanimous report adoption.

City Staff is now authorized to negotiate and pursue a downtown vision using a public/private partnership. This revitalization will include new housing, a new arts centre, a juniors and seniors facility, and Library expansion.

Focusing on the arts centre, the plan adopts principles worked out by Staff partnering with the Durham West Arts Centre team. Conceptually, the centre will be built by Cushman Wakefield on Pickering Town Centre property, to City specifications. It will be leased to the City long-term. The partnership with DWAC continues.

DWAC met early on Oct.2, 2018, to begin new work to assist the City. We passed a motion of congratulation for Staff and Council's achievement.
